

“I Love Books” Club!

Thurs., Aug. 17th is the next meeting. The Book is **THE GIRLS OF ATOMIC CITY** by **Denise Kiernan**. Arlyn is hostess, Joan will lead.

In July we met and talked about "A Secret Gift" by Ted Gup. The author is the grandson of the main character who did a compassionate deed for families in need during the depression. An article was placed in the newspaper near Christmas time saying \$5.00 would be sent to deserving families in need of a boost for the holidays. Proud people needing help felt it easier to accept this gift from a man who promised anonymity. All letters received were saved and kept in a box, discovered long after the donors death by the author who researched their stories. Some interviews of the survivors are included in this book. Laura did an interesting questionnaire and Judy brought us Poor Mans Cookies and Crazy Cake which came about during depression time, no eggs were used because they were scarce. Surprisingly delicious! **JOIN US, THIS IS FUN!!!**
